Opioid (Narcotic) Treatment Agreement

I understand that in order to receive care for the treatment of pain in Relievus, I **MUST** comply with the following rules:

1. I **UNDERSTAND** that narcotic and controlled drug prescriptions are **MY RESPONSIBILITY** once they are placed in my hand. I **UNDERSTAND** that if anything happens to this prescription (i.e. it is lost, stolen, flushed down the toilet, etc.), I am personally responsible, and physicians, physician's assistants and/or nurse practitioners **WILL NOT** rewrite the prescription until the designated time is given.
2. Your narcotic and controlled drug prescription **WILL NEVER** be refilled after hours or on the weekends.
3. All controlled substances should be obtained at the **SAME PHARMACY**. Should the need arise to change pharmacies our office must be informed.
4. I **WILL** take medications at the dose and frequency prescribed. Any changes in the dose or frequency will be discussed with my physician, physician's assistant and/or nurse practitioner at Relievus. If my medications are prescribed on an every eight-hour basis, I **WILL** take these medications every eight hours. I **UNDERSTAND** that if I use more than the allowed amount or use up my medication before my appointment date, **NO MORE PILLS WILL BE GIVEN**.
5. I **UNDERSTAND** that narcotics and controlled drug prescriptions **WILL NOT** be phoned into the pharmacy. I **MUST** appear for my given appointment time.
6. I **UNDERSTAND** that if I come in at an earlier date for an appointment, my medication **WILL NOT** be given until the date of the original appointment.
7. I **WILL** receive prescriptions at the interval determined by physician, physician's assistant and/or nurse practitioner in Relievus.
8. I **WILL NOT** receive controlled substances for the treatment of pain from any source other physician, physician's assistant and/or nurse practitioner in Relievus.
9. I **WILL** communicate with my primary physician that I am treated at Relievus for the controlled prescribing of pain medications. I understand that Relievus has the permission to discuss all diagnostic and treatment details with the dispensing pharmacist or other professionals who provide my health care.
10. I **WILL** consent to random drug testing. I will **NOT** drink any alcohol beverages with pain medications. I will **NOT** use any illegal substances (cocaine, heroin, crystal methamphetamine, PCP, ecstasy, ketamine, etc.) or use any controlled substances which are not prescribed in our practice while being treated with controlled substances at Relievus. Refusal of such testing or positive results will result in prompt termination of care from Relievus.
11. I **WILL** safeguard my prescribed medications. I understand that these medications may be lethal or hazardous to a person that is not tolerant to its affects, especially a child.
12. I **WILL** comply with my scheduled appointments.
13. I **UNDERSTAND** that there is a possibility of impairment of thought processes, especially if this narcotic is combined with a sedative, a sleeping pill, tranquilizer or alcohol.
14. I **UNDERSTAND** the possible adverse effects and dependencies associated with these medications. Overdose of medication may result in injury or possible death. Other side effects may include, but are not limited to constipation, difficulty in urination, fatigue, drowsiness, nausea, itching, loss of appetite, confusion, sweating, flushing, sexual dysfunction, and or depressed respiration.
15. I **UNDERSTAND** that if I plan to become pregnant or become pregnant, I have to inform the physician, physician's assistant and/or nurse practitioner in Relievus immediately. I **UNDERSTAND** that if I become pregnant, a child **WILL** likely be physically dependent at birth if I continue narcotics.
16. You are expected to **INFORM OUR OFFICE** of any new medications or medical conditions, and of any adverse effects you experience from any of the medications that you take.
17. I **UNDERSTAND** that changing date, quantity or strength of medication or altering a prescription in any way, shape or form is against the law. Forged signatures are also against the law. If there is a violation this will be reported to the patient's pharmacy, local authorities and DEA.
18. I realize that it is **MY RESPONSIBILITY** to keep others and myself from harm, including safety of driving and the operation of machinery.
19. I **UNDERSTAND** that if I violate this contract, all medications from Relievus **WILL** thereafter CEASE.

    a) I giveaway, sell, or misuse the drugs or use other people's drugs or illegal substances;
    b) I am noncompliant with any of the terms of this agreement;
    c) I disrespect or harass any Relievus personnel;
    d) I do not follow up regularly or as requested by my physician, physician's assistant and/or nurse practitioner.

To All Patients of Relievus,

If urine toxicology results read **positive for alcohol** while you are taking opioid pain medications, our practice will **discontinue opioid pain medications** and continue any other services you may receive at our clinic or you will be **promptly discharged** from our practice due to the potential serious side effects from drinking alcohol beverages while taking **Opioid pain medication.**

Due to the drug-drug interaction and potential serious side effects from **taking both Opioid pain medications and Benzodiazepines**, our medical providers at Relievus will not prescribe any opioid pain medications if you are on any of the following benzodiazepines:

- Valium (Diazepam)
- Ativan (Lorazepam)
- Xanax (Alprazolam)
- Klonopin (Clonazepam)
- Restoril (Temazepam)
- Prosom (Estazolam)

1. If you want to continue taking benzodiazepines, **opioid pain medication must be discontinued.**
2. Until the benzodiazepines are **completely weaned off**, any opioid pain medication will be avoided due to the serious drug-drug interaction.
3. If urine toxicology results read positive for any benzodiazepines while you are taking opioid pain medications, you will be promptly discharged from our practice.
4. If you want to continue Benzodiazepines with opioid pain medications, you will have to find another pain management practice for continuation of those medications together.
5. Please note, we frequently monitor the PDMP (Prescription Drug Monitoring Program) and know when you fill opioid pain medications and benzodiazepines.

I HAVE READ THIS FORM OR HAVE HAD IT READ TO ME. I UNDERSTAND ALL OF IT. I HAVE HAD A CHANCE TO HAVE ALL OF MY QUESTIONS REGARDING THIS TREATMENT ANSWERED TO MY SATISFACTION.

Consent for Opioid Therapy

Patient's Name: ________________ **Date of Birth:** ____________________

I understand that the treatment with opioid pain medication is being carefully evaluated and recommended because my pain complaints are moderate to severe and other treatments have not sufficiently helped my pain. I understand that many medications can have interactions with opioids that can either increase or decrease their effect. Therefore, I have told the medical providers (physicians, nurse practitioners and/or physician assistants) at Relievus about all other medicines and treatments that I am receiving – and that I will promptly advise the medical provider at Relievus if I start to take any new medications or have new treatments. Likewise, I have told the medical providers at Relievus about my complete personal drug history and that of my family. I have been informed by the medical providers at Relievus that the initiation of a narcotic/opioid medication is a trial. Continuation of the medication is based on evidence of benefit to me from, associated side effects of, and compliance with instructions on, usage of the medication. I have also been informed by the medical providers at Relievus that continuation and any changes in dosage of the medication will be determined by pain relief, functional improvement, side effects, and adherence to usage restrictions.

It has been explained to me that taking narcotic/opioid medication has certain risks associated with it. These include, but are not limited to, the following:

- Allergic reactions
- Slowing of breathing rate, slowing of reflexes or reaction time, sleepiness, drowsiness, dizziness, and/or confusion
- Impaired judgment and inability to operate machines or drive motor vehicles
- Nausea, vomiting, and/or constipation, itching
- **Overdose** (which could result in harm or even death)
- **Addiction**
- **Physical dependence or tolerance** to the pain relieving properties of the medication (This means that if my medication is stopped, reduced in dose, or rendered less effective by other medications I may be taking, I may experience runny nose, yawning, large pupils, goose bumps, abdominal pain and cramping, diarrhea, irritability, aches throughout my body, and a flu-like feeling. These can be very painful but are generally not life-threatening.)
- Failure to provide pain relief
- Changes in sexual function (This is generally caused by reduced testosterone levels. Such reduced levels may affect mood, stamina, sexual desire and physical and sexual performance.)
- Changes in hormonal levels
- Use of these medications poses **special risks to women who are pregnant or may become pregnant**. If I plan to become pregnant or believe that I have become pregnant while taking this pain medicine, I will immediately call my obstetrician and this office to inform them. I have been advised that, should I carry a baby to delivery while taking this medication, the baby will be physically dependent upon opioids. I also understand that birth defects can occur whether or not the mother is on medicines and there is always the possibility that my child will have a birth defect while I am taking an opioid. Furthermore, I recognize that the long-term consequence on a child's development who was exposed to opioids is not understood.

It has been explained to me that there are other treatments that do not involve use of narcotic/opioid medications. Having been informed of these risks and potential benefits both of such medications and possible alternative treatments, I have freely consented to taking the narcotic/opioid medication.

I would note that I have been given the opportunity of ask any questions that I may have – and that any questions that I have raised have been discussed to my satisfaction. I will take this/these medication(s) only as prescribed and I will not change the amount or dosing frequency without authorization from the medical providers at Relievus. I understand that unauthorized changes may result in my running out of medications early, and early refills may not be allowed. I also understand that if I do not take the medication correctly, I may have withdrawal reactions that may include stomach pain, sweating, anxiety, nausea, vomiting and general discomfort. I will obtain all opioids prescriptions from my physician or, during his or her absence, by the covering physician. I will not request medications outside of normal business hours. I will obtain all scheduled medications from one pharmacy. I will notify my physician if I change pharmacies.

I hereby authorize the physicians, nurse practitioners and physician assistants at Relievus to discuss all diagnostic and treatment details of my condition with the pharmacists at the dispensing pharmacy. I will submit to random urine and/or blood drug tests as requested by the medical providers at Relievus to monitor my treatment. I understand that the presence of any unauthorized substances in my urine or blood may prompt referral for assessment of addiction or chemical dependency and could result in discontinuation of further opioid prescriptions. I also understand that failure to follow these rules may lead to my no longer being treated by the medical providers at Relievus. I will not share, sell or otherwise permit others to have access to these medications.

I HAVE READ THIS FORM (Page 1 and Page 2) OR HAVE HAD IT (Page 1 and Page 2) READ TO ME. I UNDERSTAND ALL OF IT. I HAVE HAD A CHANCE TO HAVE ALL OF MY QUESTIONS REGARDING THIS TREATMENT ANSWERED TO MY SATISFACTION. BY SIGNING THIS FORM VOLUNTARILY, I GIVE MY CONSENT FOR THE TREATMENT OF MY PAIN WITH OPIOID PAIN MEDICINES. I UNDERSTAND AND AGREE THAT FAILURE TO ADHERE TO THESE POLICIES WILL BE CONSIDERED NONCOMPLIANCE AND MAY RESULT IN CESSATION OF OPIOID PRESCRIBING AND POSSIBLE DISMISSAL FROM RELIEVUS.
